EXPERIENCE

SMG Infotech, Hyderabad   **May 2023-Present**
ReactJs Developer   *Hyderabad*

- **Collaborated** effectively with the development team to manage tasks, ensuring project alignment on goals and deadlines. Coordinated daily stand-ups, tracked progress with agile methodologies, and facilitated clear communication among team members, resulting in timely project completions.
- **Created** a comprehensive library of reusable React components, decreasing UI development time by 50 % and leading to a 15 % increase in overall productivity. Managed the significantly improving user experience and application performance by standardizing components and reducing redundant code. Included thorough documentation and training sessions for the development team.
- **Leveraged** Tailwind CSS to expedite UI development by 30 %, ensuring design uniformity and code reusability. Implemented a consistent design system and optimized the development process, contributing to a 20 % more cohesive and maintainable codebase, and enhancing the scalability of the application.
- **Boosted** efficiency by 20 % ensuring seamless and timely integration of new features and bug fixes. Organized regular brainstorming sessions, utilized version control systems for smooth collaboration, and applied best practices for continuous integration and deployment.
- **Contributed** to improved code quality by actively participating in code reviews and debugging sessions. Provided constructive feedback, identified potential issues early, and executed effective debugging strategies, maintaining a high standard of code quality, reducing technical debt by 25 %, and increasing the overall reliability of the application by 30 %.

Online Hoja, Indore   **Nov 2022-April 2023**
ReactJs Intern - 6 months   *Remote*

- **Mastered** skills in React.js at Online Hoja, gaining expertise in Axios, Redux Toolkit, and advanced routing techniques. Implemented solutions that enhanced page load times by 15 % through optimized React component architecture.
- **Demonstrated** expertise in Tailwind CSS: Mastered advanced knowledge of Tailwind CSS, leveraging its utility-first approach to streamline UI development and enhance front-end design aesthetics. Decreased CSS file size by 20 % and boosted site performance metrics by 10 % using Tailwind CSS utility classes.
- **Managed** project collaboration using Git and GitHub, demonstrating adeptness in branch management, merging, and collaborative workflows.

PROJECTS

CRUD application | *ReactJs, Bootstrap, HTML, CSS* | 🔗 | 🔗

- Developed a full-featured **CRUD** application using React, **leveraging** functional components and Hooks to enhance code structure and maintainability.
- Leveraged **React Router** to enhance navigation workflows, fostering an intuitive user experience and adhering to modern web development best practices.
- Deployed a user-selectable dark mode leveraging **React Hooks**, to enhance accessibility and cater to a wider user base with diverse preferences.

TECHNICAL SKILLS

Programming Languages: HTML/CSS, JavaScript
Frontend Development: ReactJs, TailwindCss, Redux Toolkit, React Query, Material UI
Backend Development: Node.js, Express, MongoDB, Postman
Technologies/ Library: Git, GitHub, Axios, REST API, SEO

EDUCATION

College of Engineering Roorkee (Uttarakhand Technical University)   **June 2017**
Bachelor of Technology -Civil   *Roorkee, Uttarakhand*

Campus School Pantnagar (CBSE)   **June 2013**
Intermediate   *Pantnagar, Uttarakhand*
